教學綱要

部別：日間部學士班

114學年度第2學期

列印日期：2026/01/21

科目名稱：葡萄酒知識導論 (Introduction of wine) 開課班級：觀光二學分：2.0 授課時數：2.0
授課教師：蔡宗憲 必選修：選修

1. 教學目標

1. Understand the various varieties of grapes for wine making, including white and red grapes
2. Understand the various types of wines and wine-making process, including white wine, red wine, fortified wine, and sparkling wine
3. Understand the world-renown wine regions, especially in Bordeaux, France
4. Understand how to appreciate a glass of wine from its color, flavor, and taste.

2. 教學綱要

This selected course introduces and provides an overview of wine. Through lecturing, this class aims to open a window for students to appreciate wine. Terroir, variety, production, region, and product are major components of this class.

It is expected that all students enrolling this course should know:

1. The class is lectured and discussed in English. All class materials and tests are also in English.
2. At a minimum, students should understand major grape varieties, steps of wine making, wine labels, and concept of region.
